About me

Lviv, Luk'yana Kobylytsi Street

Hello everyone, my name is Paul and I am a beginner front-end developer. My training started with HTML and CSS. After that I started to teach Java Script on the course of Bogdan Stashchuk "Complete JavaScript Course for Beginners". After the course, I wrote several training projects such as ToDo List. Now I'm learning React / Redux.

Interests

I have been involved in music for a long time. I am interested in new technologies
